

EDGE Policy Update

August 2022

August 31st marked the end of the 2021-2022 legislative session, where hundreds of bills were voted on by the Legislature. EDGE is excited to see the passage of our priority bills that are now on the way to the Governor's desk! The Governor has until September 30th to sign or veto all bills passed by the Legislature, and we are working hard to ensure measures that are intended to support working families, adult learners, opportunity youth, students earning low incomes, and industry are chaptered into law.

With regards to the state budget, the Legislature also approved various budget trailer bills during the last week of session intended to clarify various issues, some of which include student housing investments, increased access to education for opportunity youth, investments to retain healthcare workers, and clarifications and investments for paid sick leave. The [2022-23 state budget](#) approved in June was an agreement and collaboration between the Governor and the Legislature after months of negotiations on how to best meet the needs of all Californians. Several of EDGE's budget priorities made it into the final budget, including a commitment to revamping the state's student financial aid system (Cal Grant Reform), investments to strengthen and expand dual enrollment opportunities, financial relief for small businesses, and investments in health care and food security for immigrant communities. For more information on the enacted state budget, please see our budget overview [here](#).

Below are EDGE's priority bills with their status, several of which are headed to the Governor's desk!

Please join us in advocacy efforts to help elevate education and workforce development bills and urge Governor Newsom to sign them into law! Take action [here](#).

For more information about our positions and advocacy efforts, please contact Anna Alvarado, Policy Director, at aalvarado@caedge.org.

EDGE Bill Positions

as of August 31, 2022

[AB 102 \(Holden\)](#) College and Career Access Pathways Partnerships - Dual Enrollment. This bill would remove the sunset date on the College and Career Access Pathways (CCAP) which will ensure dual enrollment opportunities remain available to all students. Dual enrollment allows for students to access college-level courses while in high school.

Position: Support

Status: Pending approval by the Governor.

[AB 288 \(Calderon\)](#) CA Ban on Scholarships Displacement Act of 2021. This bill would prohibit the displacement of financial aid awards due to receipt of private scholarships of students who are eligible for the: 1) Federal Pell Grant and/or 2) California Dream Act (CADAA) financial aid awards at both public and private institutions of higher education in the state of California.

Position: Support

Status: Pending approval by the Governor.

[AB 1187 \(Irwin\)](#) Supervised Tutoring at Community Colleges. This bill would increase access to supervised tutoring at the California Community Colleges by authorizing colleges to claim apportionment for students receiving assistance in credential/degree-applicable courses, including short-term training programs and education for older adults. This bill is in alignment with AB 705 implementation efforts that seek to stop the placement of students in remedial education courses.

Position: Support

Status: Pending approval by the Governor.

[AB 1705 \(Irwin\)](#) Strengthening Equitable Placement and Completion at Community Colleges. This bill seeks to clarify and ensure that the implementation of AB 705 (Irwin, 2017) is delivered across the community college system - requiring colleges to enroll students in transfer-level English and math and halt the placement of students in remedial education, which colleges are continuing to do despite AB 705 law.

Position: Support

Status: Pending approval by the Governor.

[AB 1746 \(Medina\)](#) Cal Grant Reform Act. This bill would build on last year's expansion of the Cal Grant entitlement to community college students by removing additional barriers to grant eligibility such as high school GPA verification; simplifying the program to make it easier to understand for students and families and indexing the award to inflation.

Position: Support

Status: Held in Senate Appropriations Committee but included in the state budget.

[AB 1816 \(Bryan\)](#) Reentry Housing and Workforce Development Program. This bill seeks to create a competitive Reentry Housing & Workforce Development Grant Program to fund evidence-based housing, support services, and workforce development programs for people who were formerly incarcerated in state prisons and who are experiencing homelessness or at risk of homelessness.

Position: Support

Status: Held. Placed on the Senate's inactive file.

[AB 1864 \(Gipson\)](#) Tax Credits for Small Business Employers. This bill seeks to create a local hire tax credit for small businesses, with 49 or fewer employees, that hire a full-time employee within a 5-mile radius of their place of business. This tax credit would allow employers to benefit per eligible employee and would be available for taxable years beginning January 1, 2023, through December 31, 2028.

Position: Support

Status: Held in Assembly Revenue & Taxation Committee.

[AB 1965 \(Wicks\)](#) CA Antihunger Response Act of 2022 (CARE). This bill seeks to establish the CARE program to provide state-funded benefits to individuals deemed ineligible for CalFresh as a result of the "able-bodied adult without dependents" (ABAWD) time limit. ABAWD is federally defined as individuals between ages 18 and 49 years old who have no dependents and do not have a disability and therefore may only receive CalFresh benefits for a certain amount of time. The federal "time limit"

prohibits an ABAWD recipient from receiving benefits for more than three months in a three-year time period if they do not meet specific work requirements. This bill addresses food insecurity for individuals who would lose CalFresh eligibility due to the ABAWD rules and helps ensure they are supported as they continue to experience socio-economic and employment barriers.

Position: Support

Status: Pending approval by the Governor.

[AB 2572 \(Rubio\) Adult Learner Grant Program](#) – This bill seeks to establish an adult learner grant program at the CA Student Aid Commission (CSAC) and only allows students participating in online education to access these funds. It would add unnecessary complexity to our state financial aid programs, creating a brand-new, boutique program to solely serve Californians aged 25 and over, who are enrolled exclusively in online education at either an in-state public higher education institution or a private nonprofit – even if it does not have a physical presence in California.

Position: Oppose

Status: Held in Assembly Higher Education Committee.

[AB 2617 \(Holden\) Dual Enrollment Opportunities and Outreach](#). This bill seeks to enable and incentivize more local education agencies to establish dual enrollment opportunities for students, coupled with student support services and outreach campaigns, and ensure dual enrollment outcomes are studied for program improvements. \$200 million

Position: Support

Status: Held in Senate Appropriations Committee but included in the state budget.

[AB 2670 \(McCarty\) CA Regional Initiative for Social Enterprises Program \(RISE\)](#). This bill seeks to create the RISE Program, which would support employment social enterprises to provide targeted, specialized employment and workforce training, and connect them with local public partners, training providers, and private sector employers to accelerate economic mobility for individuals that experience employment barriers.

Position: Support

Status: Held in Senate Appropriations Committee but included in the state budget.

[AB 2847 \(E. Garcia\) Excluded Workers Pilot Program](#). This bill seeks to provide unemployment insurance benefits to excluded immigrant workers in California who could not access these benefits due to immigration status. The proposal would provide undocumented immigrants experiencing unemployment with \$300 per week for up to 20 weeks.

Position: Support

Status: Pending approval by the Governor.

[SB 885 \(Laird\) NextUp Foster Youth Program](#). This bill seeks to expand the NextUp foster youth program by removing the 20 community college district limit, allowing the CC Chancellor's Office to instead enter into agreements with community college districts to provide and allocate to selected campuses, funds for NextUp programs. The bill also authorizes students enrolled in fewer than nine units to be accepted into the program if enrollment is part of an academic plan. EDGE is also in support of a \$20 million budget ask to fund this bill.

Position: Support

Status: Held in Assembly Appropriations Committee but included in the state budget.

[SB 1115 \(Skinner\)](#) Women in Construction Priority Unit. This bill seeks to establish a Women in Construction Priority Unit at the Department of Industrial Relations (DIR) to help women and non-binary individuals enter the skilled trades and foster competitive career growth within the workforce sector.

Position: Support

Status: Held in Assembly Appropriations Committee but included in the state budget.

[ACR 163 \(Medina\)](#) Adult Education Week. Proclaims the week of March 27, 2022, to April 2, 2022, as Adult Education Week.

Position: Support

Status: Chaptered.
